

Complex Cases in Primary Care:

Managing Patients With Multiple Comorbidities

Co-sponsored by Duke University School of Medicine and Med-IQ, in collaboration with the **New York County Medical Society.**

Join faculty experts, **Kathryn Andolsek, MD, MPH**, and **Matt T. Rosenberg, MD**, for a complimentary, interactive CME workshop to explore practical strategies for managing patients with multiple comorbidities in the primary care setting.

This comprehensive CME workshop combines case presentations with interactive, small-group, break-out discussions. Attendees will discover the latest guideline- and evidence-based management strategies to enhance patient care and optimize outcomes.

Interactive, Complimentary
CME Workshop
Approved for AAFP Credit
